As authorized and encouraged under 37 CFR §§ 1.97-1.98 and the provisions of MPEP §§609 and 707.05 (b), applicant submits herewith certain patent references, publications and/or other information which the Patent and Trademark Office may wish to consider in examining the above-identified patent application. A copy of each reference, together with a listing on form PTO-1449, is submitted herewith. Copies of references cited but not attached will be provided as soon as available. Applicants respectfully solicit the Examiner's consideration of the cited references and entry into the record of this application.

Examiner: Initial if citation considered, whether or not citation is in conformance with MPEP 609. Draw line through citation if not in conformance and not considered. Include copy of this form with next communication to applicant.

The identification of any document herein is not intended to be, and should not be understood as being, an admission that each such document, in fact, constitutes "prior art" within the meaning of applicable law since, for example, a given document may have a later effective date than at first seems apparent or the document may have an effective date which can be antedated. The "prior art" status of any document is a matter to be resolved during prosecution.
